

How to make a zigzag book

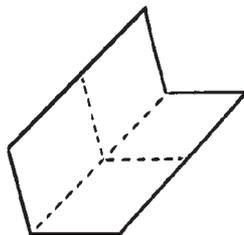

- Fold a piece of A3 paper in half lengthways and then unfold it.

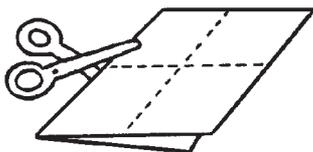

- Fold the same piece of A3 paper in half widthways and leave it folded.

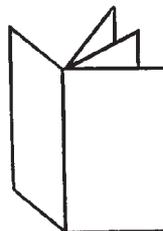

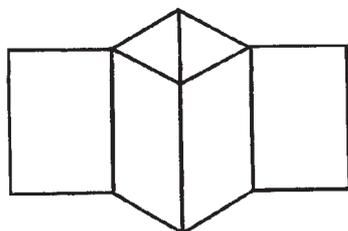

- Fold it in half again in the same direction, then unfold the last fold.

- Cut along the centre crease until you reach the middle of the paper.

- Unfold the paper completely. There should be a slit through the middle of the paper. Fold the paper in half lengthways again and then push the two ends inwards towards each other to create a star shape with four arms.

- The four arms are the pages of the book. Fold all of the arms around to face the same direction and the book is complete.
