

Name \_\_\_\_\_

# In the playground: 1

- Colour the sections of the word wheel in different colours, then cut out the wheel and the **e** strip.
- Attach the **e** strip to the centre of the back of the wheel with a paper-fastener as shown below.

- Turn the **e** strip to finish off a word on the wheel.

- Read the word out loud. Now look at In the playground: 2. Can you match the word to a picture on the playground sheet? Put a counter on that part of the picture.
- Keep making new words on the wheel until you have spotted them all.
