

Discovering myself

Little eyes upon you

1. Little ones watch and listen to you.

Give an example of something you do or say in school that would be a good influence upon younger children.

Give an example of something someone might do or say in school that would be a bad influence upon younger children.

2. Little ones do what you do.

Give an example of something adults do at home that would be a good influence upon children.

Give an example of something that adults might do at home that would be a bad influence upon children.

3. Little ones want to be like you.

Give an example of one of your personal characteristics that you would be proud for a younger child to copy.
