

Rainforest quiz planning

■ Use the space below to plan how the flow of your quiz will work.

Example

Question 1:

- Show picture of monkey.
- Ask 'what am I?'
- User types in answer.
- If answer is correct, say 'well done', play sound 'correct', move to next question.
- If answer is wrong, say 'sorry, that's wrong', play sound 'wrong', move to next question.

I can plan the flow of my quiz.

How did you do?
