# Welcome to the International School Catalogue for 2014-2015

## Plan. Assess. Inspire.

At Scholastic we know that literacy is the cornerstone of a child's intellectual, personal and cultural growth. For more than 90 years we have created quality educational products that increase proficiency in all subject areas. Our teaching resources have been trusted by generations of teachers and have enabled children to excel at school and in life.

Inside you'll find essential support for planning and teaching the new UK National Curriculum, including our acclaimed 100 Lessons series which now encompasses new Practice Books and Planning Guides across nine subjects, as well as the bestselling 100 Lessons resource books. Our key backlist series are also featured including Read & Respond, Connectors and Primary Teacher's Guides.

# Connectors\*

Narrow the attainment gap with reciprocal reading

**A ground-breaking peer-to-peer reading series that includes every child**

- ✓ High-impact methods proven in case studies and recommended by the UK Education Endowment Foundation
- ✓ Effective use of the Pupil Premium for disadvantaged learners
- ✓ Takes a collaborative approach to build teamwork, speaking, listening, comprehension, cognitive and evaluation skills
- ✓ Increases guided reading time in class by up to five times

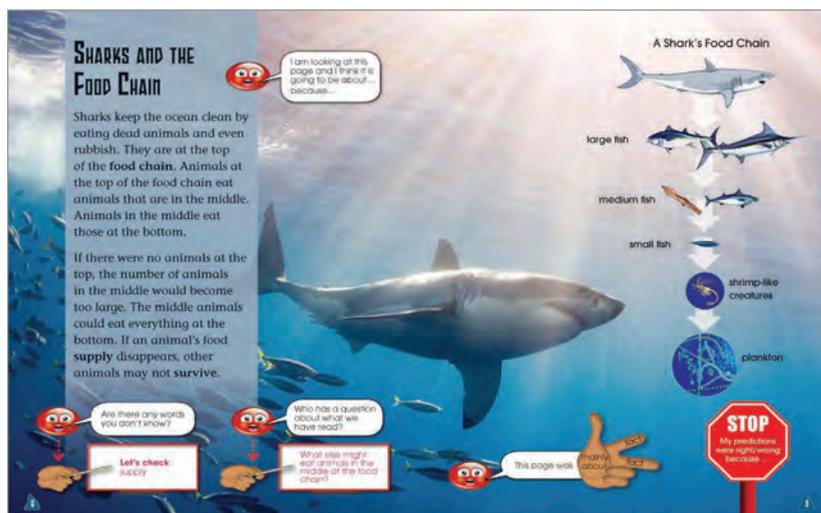

## How does Connectors work?

Children work in small independent groups of up to six, each with a copy of the same book.

Each child chooses a face icon, and when that icon appears, he or she becomes the leader so that everyone gets a chance to guide discussion.

Year 2: Shark Nets

“ After just a few weeks their questioning skills have dramatically improved and their reading comprehension has shown great improvement. ”

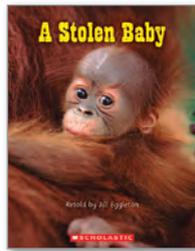

Tim Handley, Year 4 teacher

Prompts in the text show the leader how to focus discussion and work with others to predict outcomes, clarify issues, ask questions and summarise content.
