

Drowned Planet

What do they want?

1. In *Drowned Planet*, the characters all want different things.
Draw a line to show which thought bubble belongs to each character.

I just want to capture those annoying Arkies and stop their mission to find settlement-ready planets.

I'm lonely! I wish there was someone else living here - someone who would listen to me and do what I say!

I just want the Arkies to finish their mission and come back safely. I get worried if they stay away too long.

I want to escape from the EarthNet agents and make sure the others are safe!

2. Draw a picture of one of the other characters in the story and write a thought bubble to show what *they* might think.
