

Chant

1 Listen and read.

Goodbye, asteroid!

Look at the sky. Big, white lights.
Rocks are falling. They're meteorites.

What can we do? Where can we go?
What's the answer? We don't know.

Can we stop it? Yes, we can.
Buck is thinking of a plan.

Crystal magnets in the sky.
Goodbye, asteroid, goodbye!

2 Say the chant.
