

## Write your own story with a TWIST

In Unexpected Twist, Michael Rosen adapts Charles Dickens's classic tale Oliver Twist, by changing the setting to the modern day and the main character to a girl. Can you think of one of your favourite stories, and give it your own twist? Write it down here!

## Draw the characters from your story

Now that you have written your tale with a twist, why not draw some of the characters? How are they different from the characters in the original tale?
