

'Who', 'what' and
'where' questions

African elephant

African elephants are huge animals with long tusks and big ears. They **roam** the **game reserves** where they are protected from hunters and poachers. This bull elephant is a scout for his herd and is on the look out for anything that might endanger the mothers and babies as they all travel to the waterhole.

- Put the key words from the information in the right columns.

Who	What (doing)	Where
Example: African elephant	roam	game reserves

- Use this information to create questions. For example:
