

Onomatopoeia

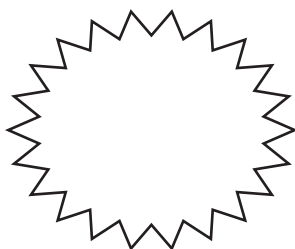

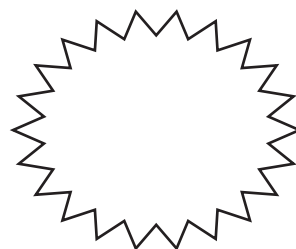

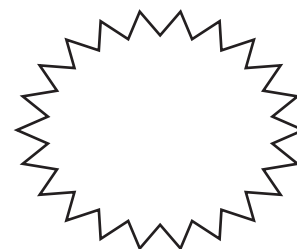

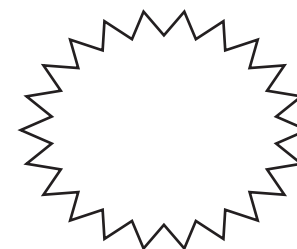

Onomatopoeic words sound the same as the action or sound being described. For example, a horse **neighs**.

- Add to this collection of onomatopoeic words.

 <p>quack</p>	 <p>hum</p>	 <p>purr</p>	 <p>buzz</p>
			
			

- Invent some onomatopoeic words of your own.

			
-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------

- Use your onomatopoeic words in sentences.
