BINGO

>

23

Mrs Wormwood loves to play bingo. You can do MUCH better though.

Here is a fun game that you can play with your class.

1. Write out numbers 1 to 50 on pieces of paper, fold them up and put them in a large bowl. 5
2. Cut out the bingo card below and photocopy for everyone in your class.
3. Fill in the bingo cards with random numbers in each of the squares and hand them out to the class.
4. When the game starts, you must choose a 'caller', which is a kind of game show host, and the caller draws numbers out of the bowl to call them out to the room.
5. If players have those numbers on any of their cards, they mark them off with a felt pen. 37
6. The first player to mark off a straight line in any direction OR to mark off all four corners in the grid below is the winner!
